**See how our
system can help
your business**

We are delighted to announce that Air Cargo Services of Vietnam (ACSV) have chosen the Hermes air cargo management system to run their warehouse in Hanoi.

Mr. Pham Duc Long, Chairman of ACSV said: "The installation of the Hermes Cargo Management System is evidence of ACSV's ambitious development plan in the coming year. The system, with various modern functions, will really revolutionise our cargo handling operations on a daily basis, allowing ACSV to offer better services to all our customers from Airlines, Forwarders and to individuals."

Hermes Chief Operating Officer, Simon Elmore added, "Hermes was designed by our team of cargo experts and is proven to increase efficiency, reduce operational costs and provide dependable "Cargo Data" to analyse business trends accurately. We are delighted that ACSV have chosen Hermes and are looking forward to a long and successful partnership with them."

About Air Cargo Services Vietnam

Founded in April 2009 as a subsidiary of Northern Airports Corporation (NAC), Air Cargo Services Co., LTD (ACS) initially was a state-owned company specializing in providing cargo handling services at Ha Noi station. In 2015, ACS has been privatized under the name of Air Cargo Services of Vietnam JSC., (ACSV) with the aim to boosting the infrastructure of the

cargo terminal, improving services quality and expanding the service network.

For its 8 years of operations, ACSV has handled cargo for over 20 airlines with various types of shipments including general cargo, frozen shipments, live animals, express shipments, perishable cargo, over-sized cargo and dangerous goods. The throughput of ACSV reached the milestone of 100,000 tons in 2015. With ambitious development plans in coming years, the company is positioning itself as the leading cargo handler at HAN station.

About Hermes Logistics Technologies

Operating in air cargo terminals, warehouses and hubs, the Hermes cargo management IT system is used by air cargo ground handlers worldwide.

Designed by our team of experts, Hermes is built with the specific needs of air cargo handlers in mind. Our system readily handles anything from perishables to dangerous goods whilst embracing the latest technology available.
